

This environmental diploma is awarded for implementation of measures
satisfying the criteria in the Swedish Environmental Base standard requirements

miljödiplomera event

SVENSK MILJÖBAS

ECOC Conference 2017

The organiser carries on systematic environmental work and has prior to the event taken measures consistent with the standard requirements of the Swedish Environmental Base for events. This means that the organiser has:

- Documented the environmental impact of the event
- Documented the measures to improve the environment that will be taken during the event
- Ensured that employees and others concerned have relevant competence in the environmental field
- Undergone an audit with satisfactory results prior to the event

The environmental diploma applies as from 17-21 september 2017

Göteborg 2017-08-08
